• Ensuring the safety and proper functioning of the test band

May 2014 - July 2014

INTERNSHIP
SOTETEL

Tunis, Tunisia
Electrical installation of telecommunication equipment in "Tunisie Telecom" company (communication operator)

May 2013 - July 2013

STUDENT JOB
SOMEF TUNISIE

Tunis, Tunisia
Control of Automation Systems, Control of the quality of products and Maintenance of production machines.
Discovered two critical problems in the production machines before a

big problem could have happened (complete line of products in faulty state)

EDUCATION

2022

MASTER OF SCIENCE
universität rostock, Information Technology/Computer Engineering

Rostock, Germany
specialty: models and algorithms

2017

GERMAN LANGUAGE EXAMINATION FOR UNIVERSITY ENTRANCE
Hochschule für Angewandte Wissenschaften München, DSH

München, Germany
Niveau C1

2015

MASTER OF ENGINEERING
National Engineering School of Tunis, electrical engineering

Tunis, Tunisia
specialty: automation and system design

2012

PHYSICS-SCIENCE DIPLOMA
Preparatory Institute for Engineering, Physics-science

Sfax, Tunisia
Physics, Mathematics and science

SKILLS

SQL Python MS office Flutter Data Mining

Machine learning technology Automation

Software Development Power BI DAX Data analysis

INTERESTS

Programing, hiking, environmental protection
